Devon employees are proud of the fact their company is taking a leadership role in helping the environment and improving the quality of life for its staff. How? By offering employees a comprehensive commuter benefits package. Sixty-five percent of Devon employees take advantage of commuter benefits in one form or another, from subsidized bus passes to carpools. Visit www.commuterchoice.gov to see if your company qualifies. Sign up by June 3 to be part of this year's Best Workplaces for Commuters list.
